Yes, New Mexico is part of the USA!

Las Cruces is conveniently located at the crossroads of Interstates 10 and 25, **a little over three hours south of Albuquerque** and **about an hour north of El Paso, Texas**. The closest major airport is in El Paso—which is also part of the United States— so don't worry, you won't need your passport! El Paso (ELP) is served by American, Delta, Frontier, Southwest, and United airlines.

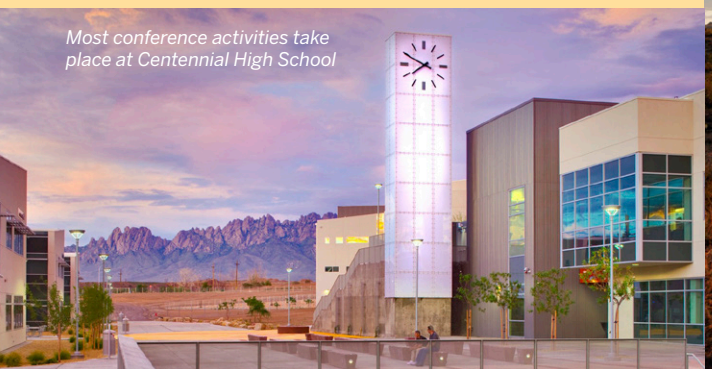
VISIONxNM

Sunday, June 21, 2020
Conference Day 3 (8am - 11am)
Keynote speaker
Swag Swap
Conference in review video
Preview of VISION 2021



Most conference activities take place at Centennial High School

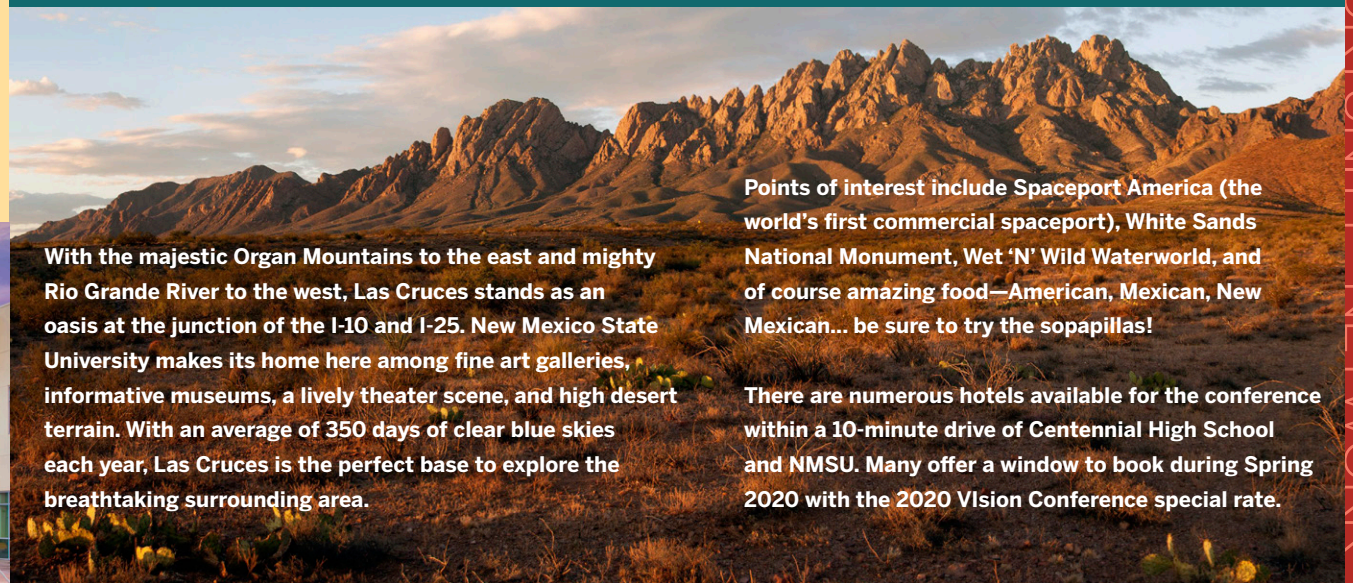
New Mexico has sent a delegation to every Region 6 VIsion Conference since the inaugural event in Missouri in 2017. We are excited to welcome everyone to our state in 2020!

WHAT IS THE REGION 6 VISION CONFERENCE?

In April 2016, the Student Council state president, a student representative, and the state director from each of the NASSCED's (National Association of State Student Council Executive Directors) Region 6 states—Arizona, Arkansas, Colorado, Kansas, Missouri, New Mexico, and Oklahoma—met together to create *VISION: Value, Inspire, Share, Insight, Opportunity, Network.*

The Region 6 VIsion Conference, born from this meeting, brings together student and adult leaders to *share* their leadership *values* and *insight* through the *opportunity* to establish *networking* while involved in *inspirational* leadership training—with the aim to continue it all once they return home. VIsion is designed by students, led by students, for students and adult leaders. **Participants leave with renewed enthusiasm for Student Council involvement at their schools and in their communities, new ideas for service learning projects they can implement, stronger leadership skills, and new friendships.**

Registration: $175/student or adult plus optional pre-conference activity fee



With the majestic Organ Mountains to the east and mighty Rio Grande River to the west, Las Cruces stands as an oasis at the junction of the I-10 and I-25. New Mexico State University makes its home here among fine art galleries, informative museums, a lively theater scene, and high desert terrain. With an average of 350 days of clear blue skies each year, Las Cruces is the perfect base to explore the breathtaking surrounding area.

Points of interest include Spaceport America (the world's first commercial spaceport), White Sands National Monument, Wet 'N' Wild Waterworld, and of course amazing food—American, Mexican, New Mexican... be sure to try the sopapillas!

There are numerous hotels available for the conference within a 10-minute drive of Centennial High School and NMSU. Many offer a window to book during Spring 2020 with the 2020 VIsion Conference special rate.
